

Kendrick Student  
Leadership Team

2023  
-2024

**We proudly introduce the new  
team; be prepared to be led and  
inspired as they make a  
difference!**

## Curriculum & Current Affairs Committee

Sneha

I am delighted to be the Student Leader for the Curriculum and Current Affairs committee, this year we are passionate to help not only raise awareness of the events happening around us, but also to help students further with their studies. The library is the perfect place to read around your subjects, with its vast collection of resources and we hope to work alongside them to promote this in the future.

Lekhana

Hi. I'm Lekhana and I'm on the Curriculum and Current Affairs team! Over the course of the year, we are hoping to achieve many things, including improving our understanding of the world. We hope that you are able to get involved as much as possible and support us!

## Curriculum & Current Affairs Committee

# Nethra

"I would like to broaden and deepen our experience with the school curriculum beyond the obvious for a wider experience and perspective of the world outside the four walls of our school. We, in the Curriculum and Current Affairs Committee, would like to use the collaboration and able guidance of our school management as the tools to ensure a seamless adoption of the above and an overall happy experience for all of us."

# Medha

Hello, I am Medha, and as part of the Curriculum and Current Affairs committee, I along with my team plan to achieve many things over the coming year. From raising awareness and sharing knowledge of world events to helping students gain the most from the curriculum, we have many events planned to look out for. Overall, this is going to be an educational yet fun year ahead and we hope you get involved as much as possible! :)

## Community Committee

Riya

I am honoured to be leading the Community Committee this year, and I hope to be able to give back to the wonderful community here. I am keen to organise new and exciting events this year and help integrate everyone more within the school. Moreover, I hope we can increase support for new students joining our school and enhance Kendrick's contribution to the local area.

Bhavya

I wish to welcome new students into our school, showing that pretty much anything is possible with an open mind and positive team spirit. Helping raise money for our local community to improve quality of life in deprived areas is also very important to me in the midst of the cost-of-living crisis as I'd like to do my bit to help in these difficult times.

## Community Committee

Kiran

Within my role as a member of the community committee what I aim to do is build upon and strengthen our wonderful school community through fundraising and other charitable events. Through our strong community spirit our local community will be able to benefit from our Kendrick values. I look forward to giving back to the school community that has made me feel so welcomed and am grateful for the opportunity!

Harshita

In my role as a member of the community committee I aim to help to strengthen our Kendrick community in school but to also see how we can use our values to help more widely, in our local community in Reading. I would like to run many fundraising events for charitable causes and get all of the school involved so that we truly help those charities that are closest to us and we get to know you a bit better.

## Student Wellbeing Committee

Ruthika

I am excited to be the new Head of the Well-being committee and we, as a team, are hoping to run events throughout the year, raising awareness on ALL aspects of the term 'Wellbeing' - whether it's physical, mental, or emotional! I look forward to help make a positive impact on our School, and hope to be an approachable student figure for whenever you need support.

Rumaysa

Hello, I'm Rumaysa and I'm part of the Student Wellbeing committee. Our aim this year is to emphasise the importance of self care and positivity. We plan to utilise the social media platform to put a smile on students' faces everyday! We hope to get to know more of you students at the base on Friday lunchtimes.

## Community Committee

Arti

Everyday mental health should not be ignored. We forget about the little things that make or break our day. I want to help highlight this and ensure that everyone understands how important their mental health is.

Ella

I strive to play my part in the committee to make mental health and wellbeing a priority for all members of the Kendrick community. No one should be left alone and we are committed to enhancing the supportive and accepting environment where everyone feels they can be themselves.

## House System Committee

Cassie

I am super excited to be on KSLT this year! As a House Captain, I hope most of all to create a friendly (and competitive) atmosphere within school, where everyone feels they can participate. Each event is a fantastic opportunity to try out something different, meet new people and learn new skills you might not have had a chance to, and I want to make this as fun and accessible as possible for everyone.

Aanya

As Leader of Cedars House, I look forward to continuing the exciting competitions and the benefits of the vertical integration! I also hope to promote inclusivity across all year groups by having a wide range of activities to suit everyone's interests. Additionally, I aim to make this year full of fun for everybody by ensuring that everyone's ideas are listened to and considered while planning future events.

## House System Committee

Esha

As a member of the KSLT, I strive to form an inclusive, zealous environment where students can be sociable and creative in an important stage of their lives therefore I will try my best to support students along the way by constantly introducing enjoyable, unique activities, allowing them to not only develop social skills and their academics but also obtain joy and interest from those activities.

Laura

I'm really excited to be Sidmouth House Leader this year! We are looking forward to running all the usual house events and can't wait to introduce some new ones... The house system really brings the whole school together so I can't wait to see how the houses work as a team to compete with each other. Go Sidmouth!

## House System Committee

Neha

Hi, I'm Neha! I am very excited for this House Year to be filled with fun and participation by everyone. We wish to put on a variety of events and activities for everyone to get involved in and enjoy! My biggest aim is making sure that we can put on many different types of events relating to all areas of interests so that we can have as much inclusivity and participation as possible!

Carissa

Hi, I'm Carissa and I'm delighted to take on the role of Sidmouth Deputy House Captain! In this role, I want to prioritise the fun, sociable and competitive side of the House system. We hope to offer a variety of events so that at least a few will pique your interest. The House system is all about building friendships and working together in order to make our House the best it can be.

## House System Committee

Rowena

I am eager for another triumphant House Year. However, I am more interested in seeing every single Palmer Llama grow and develop through the House System. I hope to see new friendships made, new talents discovered and new faces at every event. I will strive to lead you to victory, inspire you to participate in competitions, and make a difference to your time at Kendrick. Let's go Palmer!!!

Airah

I'm so excited for the upcoming year and all the House events to come. I can't wait to see all of you guys participate! Go Palmer!!!

## House System Committee

### Anna-Marie

I'm very excited to be working with Palmer House this year and getting to participate in all of the great house events we have planned. From Sports day to House Mario Kart, I really look forward to seeing what this year brings!
