

# 5 Tips for your E-safety

## Kendrick Students

1

### Remember this is a lesson!

Please remember this at all times. Avoid distraction from others, background noise and your phone.

You will be required to listen and engage as normal.

Ensure you are dressed appropriately and are punctual for the start of all lessons as this will be recorded on registers.

3

### Consider your environment.

Please be somewhere quiet and appropriate for learning. Distractions can impact on the learning and enjoyment of others as well as yourself.

5

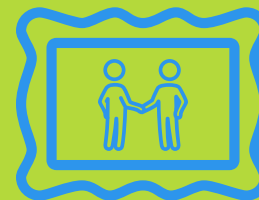

### Enjoy the experience!

Please enjoy your session.

Be engaged, take notes and contribute to your and others' learning in the same way as you would in a face to face session.

2

### What can people see?

You can use your video if you wish, however if you do please blur your background to keep location and features discreet.

To access this function in live meetings click on the three dots (. . .) in the middle of the video screen and select 'blur my background'.

We may also ask you to 'Mute' your microphone, found in the centre of the screen.

4

### Learner considerations and conduct.

Anything you write/type can be seen by everyone involved in the lesson.

Inappropriate comments made will not be tolerated and will be saved. This may lead to disciplinary action being taken.

Please respect your peers, other individuals and their freedom of speech, the same as would be the case in face to face sessions.
