Introduction

Dear Applicant

It is my great pleasure to welcome you to Kendrick School. Thank you for your interest in our Head of Geography vacancy.

Graded 'Outstanding' in a recent OFSTED inspection, Kendrick School is an 11-18 selective girls' school with academy status. It has a local and national reputation for being an outstanding school and has an impressive record of achievement as a centre of excellence for girls' education. In the last three years, Kendrick has consistently been identified by the Department for Education as being in the top 1% of schools in the country in terms of progress of students between KS2 and KS4, using the Progress 8 measure.

Kendrick is a forward-looking school and grasps the opportunities that present themselves. A love of learning is at the heart of Kendrick with a strong emphasis on high quality teaching. The curriculum is organised to meet the needs of all students and is regularly reviewed. All staff are hardworking and dedicated to the school; teaching staff are specialists and experts in their field and are committed to achieving the best for their students. Students are bright, enthusiastic and curious and have a love of learning.

As an outstanding school, Kendrick seeks to work with other schools and organisations and to this end we have excellent relationships with secondary and primary schools within the local area and beyond. As part of Kendrick's Widening Horizons strategic initiative, we actively pursue partnerships with educational schools and businesses in our local area. These associations benefit the students of Kendrick, as well as, students in our neighbouring school. We share our good practice and offer opportunities to primary and secondary students in the Reading area. Currently Kendrick is a hub school in the Science Learning Partnership and provides support and expertise to schools in the teaching of Science.

Kendrick is going through an expansion process and in September 2020 an additional 32 students joined us in Year 7. A further 32 students in Year 7 will be admitted over the next four years until 2024 making the school four form entry by that date. The additional 32 places are prioritised for Pupil Premium students (PPG) and students in the Reading area, called Priority Area 1 in our admissions process. In our Widening Horizons work we are committed to achieving greater participation of students from local Reading primary schools and to this end we have a homework club and provide support for pupil premium children and their families who wish to apply to Kendrick School.

As well as the formal curriculum, students at Kendrick enjoy a rich and varied extracurricular education. The House System provides opportunities for healthy competition with numerous annual house events which are key activities in the school year. House events are coordinated by the Kendrick House Captains and Student Leadership Team who work energetically with staff to support this vital community aspect of the school. School Council is an active student leadership group which discusses and drives change for the students.

Underpinning all that goes on at Kendrick is the superb *Kendrick Community Spirit*. There are excellent relationships between staff and students. Staff give generously of their time and are rewarded by the commitment and dedication of the students. This unique school community is supported by an expert governing body and an active parents' association, the Kendrick Parents' Society. Any day at Kendrick is busy, fun and enjoyable!

As the Headteacher of Kendrick, my vision is to *lead, inspire and make a difference to the lives of girls and young women*. I believe passionately in girls' education and know that Kendrick School affords its students the very best education there is. My commitment to the school is to safeguard the core values on which the school is based, extend the excellence of the school and always grasp the opportunities to secure its future.

THE GEOGRAPHY DEPARTMENT

We are a friendly and supportive department who work as a team with the aim of developing in our students a real interest in the world around them and a love of geography. We constantly strive to further improve the learning experience for our students by keeping up to date with educational research and reviewing our curriculum and schemes of work.

Year 10 River Chess Field Trip

Geography is a popular subject which enjoys a high profile within the school with large numbers of students choosing to continue their studies at GCSE and A Level and we are delighted with the number of students who go on to study geography related degrees who have clearly been inspired by our teaching and the course we study.

Students enjoy their geography lessons which are diverse, provide opportunities for students to learn in a variety of ways, and support all students in reaching their full potential. Our schemes of work are organised, comprehensive and fully resourced and would provide

excellent support for the successful applicant. Fieldwork is an important aspect of the curriculum with current opportunities including visits to the River Chess, Berinsfield, Reading, Hengistbury Head and a residential visit in Year 13 for A level students to collect data for their NEA.

We support extra-curricular opportunities in a variety of ways including promoting competitions and running a successful Geography Club with prefects from every year who regularly plan geography related activities such as

quizzes and debates. We also have a section called Geography Beyond the Classroom on our Google Classrooms where we can signpost relevant news stories, articles and programmes.

AIMS AND CURRICULUM

At KS3 the overriding intent of the Geography Department is that students are engaged in the topics we study because they appreciate the relevance of what they are learning. They learn skills which better prepare them to understand the world in which they live; this ensures they are in a better position to make sensible decisions for their future, as well as having the understanding to empathise with different viewpoints. The KS3 curriculum is based upon the National Curriculum and has been carefully sequenced to ensure topics in Year 7 provide the building blocks for topics in Year 8 and 9 with retrieval practice built into the curriculum to ensure that knowledge taught is being retained. Those who choose to go on to study geography at KS4 are well prepared for their GCSE course. Feedback from students about their learning journey in geography is actively sought each year through focus groups and questionnaires; it is overwhelmingly positive and is used to further develop the curriculum and learning activities. A focus of recent years has been on introducing learning skills throughout KS3 with the aim that, having been exposed to many techniques by the end of the key stage, students are able to understand what works well for them and are ready to use these as they begin their KS4 and 5 courses.

Model UN Climate Conference

introducing learning skills throughout KS3 with the aim that, having been exposed to many techniques by the end of the key stage, students are able to understand what works well for them and are ready to use these as they begin their KS4 and 5 courses.

At KS4 we follow the Edexcel B specification which includes studying for a UK-based paper including seen fieldwork questions based on our River Chess and Berinsfield fieldtrips, as well as unseen fieldwork questions. On the global paper we study India as an emerging economy and Mumbai as a growing city. Our students enjoy the challenge presented by the final paper which is based on an unseen issue which they enjoy working through. There is a focus on using the learning skills developed in KS3 to produce revision notes. This makes up a large proportion of homework time ensuring students are consolidating what they are learning in lessons as they move through the course; they are therefore very well prepared for exams.

At KS5 we follow the Edexcel specification which builds very well from GCSE allowing students to further develop their understanding of complex issues. Varied teaching, focus on involvement and discussion and exchanging views and opinions help students to develop the evaluative skills required for success at this level. Fieldwork opportunities in Year 12 provide an excellent foundation for the NEA in Year 13 and the residential trip in Year 13 supports students in choosing the focus of their NEA and providing the opportunity to collect the data. We provide challenge and super curricular opportunities for students through promoting use of our extensive Geography Library, signposting relevant courses and MOOCs and through offering the opportunity to attend a mock UN Climate Conference.

Candidates are welcome to visit the department for an informal discussion and tour, or to email any questions.

The Rehabilitation of Offenders Act 1974 (Exception Amendment) Order 1986 sets out details of all jobs to which this applies and the job you have applied for is included in the list.

The amendments to the Exceptions Order 1975 (2013) provide that certain spent convictions and cautions are “protected” and are not subject to disclosure to employers and cannot be taken into account. Guidance and criteria on the filtering of these cautions and convictions can be found in the accompanying Guidance Notes.

Please give details of any relevant criminal convictions that you may have. The disclosure of a criminal record may not necessarily prevent you from being appointed. The nature of the offence, how long ago it took place, your age at the time and any other relevant factors may be considered when a decision is made. Please note that some convictions are never considered “spent” under the terms of the Act.

Obtaining police checks for period lived outside the UK

If you have **lived outside the United Kingdom (UK) for a period of more than 12 months or more in the past 10 years, while aged 18 or over** you will be required to provide a satisfactory police check from that country(s) to cover that period.

If you are ineligible for a police check in the country you lived in outside the United Kingdom (for example because you were under the age required for police checks in that country, or because you are not a national of that country), or if you are unable to obtain a police check from an overseas country for other reasons, we may accept references from previous places of study or employment in that country. If this applies to you please contact us for further guidance.

Further information regarding obtaining a police check from other countries is available via the [Gov.uk website](https://www.gov.uk) for guidance on criminal record checks for overseas applicants.

Please bear in mind that some overseas countries will charge for a police check. Information for the different countries and fees involved can be found at the above link.

Filtering of Cautions and Convictions

This section provides guidance on the convictions which do not need to be declared on your application form. Please read carefully before answering this question. Further information is available from: www.gov.uk/government/organisations/disclosure-and-barring-service

The filtering rules (which remove certain old and minor convictions and cautions, reprimands and warnings from a Data and Barring Service (DBS) Certificate) were developed by the Home Office and the Ministry of Justice and introduced with new legislation:

The legislation is:

- Police Act 1997 (Criminal Record Certificates: Relevant Matters) (Amendment) (England and Wales) Order 2013;

- Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 (Amendment) (England and Wales) Order 2013.

The Filtering Rules

The rules regarding the automatic disclosure of cautions and convictions on a DBS certificate are set out in legislation.

Standard and Enhanced DBS certificates must always include the following records no matter when they were received:

- All convictions for specified offences
- Adult cautions for specified offences
- All convictions that resulted in a custodial sentence

Other records must be included depending on when the caution or conviction was received:

- Any adult caution for a non-specified offence received within the last 6 years
- Any adult conviction for a non-specified offence received within the last 11 years
- Any youth conviction for a non-specified offence received within the last 5 and a half years

An 'adult' is any individual aged 18 or above at the time of the caution or conviction. A 'youth' is any individual aged under 18 at the time of the caution or conviction.

A 'specified offence' is one which is on the [list of specified offences](#) agreed by Parliament which will always be disclosed on a Standard or Enhanced DBS certificate where it resulted in a conviction or an adult caution. Youth cautions for specified offences will not be automatically disclosed.

Any cautions (including reprimands and warnings) and convictions not covered by the rules above are 'protected' and will not appear on a DBS certificate automatically.

Cautions, reprimands and warnings received when an individual was under 18 will not appear on a Standard or Enhanced certificate automatically.

Please note that Enhanced certificates may include information relating to a protected caution or conviction if the police consider that it is relevant to the workforce that the individual intends to work in. Decisions to include information in this way are subject to [statutory guidance](#).
