Dear Samantha,

We just wanted to write to thank you for your generosity and support by providing us with the face shields for our nursing staff.

As you will no doubt be aware the demand for protective equipment is unprecedentedly high due to COVID19 and the priority sites for the equipment is rightly with the acute hospitals. Although our service is in mental health we too have a duty to protect the staff working with patients who are either suspected or confirmed as having the virus.

Your donation is warmly received by our frontline staff and we would like to pass on their thanks to you for your kindness and thoughtfulness.

Stay safe.

Yours sincerely

Angela Dolan
