2. The statutory tests and qualifications offered

The statutory tests and qualifications offered at this centre are decided by the Head of Centre.

The examinations officer will confirm Awarding Bodies and specification codes with all subject leaders during Term 1.

3. Examination seasons and timetables

3.1 Examination seasons

External examinations (GCSE & A’ Level are scheduled by the awarding bodies in association with JCQ and are held in May/June). These may be re-arranged nationally in exceptional circumstances e.g. Pandemic and national lockdown.

The exact timings and breadth of internal examination are decided by the Senior Leadership Team in the Autumn Term. Year 11 Mocks are usually held at the start of Term 3, Year 13 Mocks at the start of Term 4, Year 12 at the start of Term 6. Year 11, 12 and 13 internal examinations are held under external examination conditions in preparation.

University admissions tests are held in November and June as scheduled nationally. Only STEP papers are sat in school.

3.2 Timetables

The examinations officer will circulate the examination timetables via email/or hard copy for external examinations and year 11, 12 and 13 internal examinations once these are confirmed.

4. Entries, entry details, late entries and retakes

4.1 Entries

Examination entries for all candidates are confirmed by heads of department and subject teachers.

A candidate or parent/carer may request a subject entry, change of level or withdrawal. The Head of Centre will make a decision based on the particular circumstances and in discussion with subject staff, tutors, the candidate and parent/carer.

Students will only be entered for examinations for current curriculum subjects.

4.2 Late entries

Entry deadlines are circulated to heads of department via internal post or email.

Requests for late entries are authorised by the examinations officer.

4.3 Retakes

The centre only offers retakes for GCSE English where this would support students applying to university. This is at the headteacher's discretion.

The centre will accept former Year 13 candidates for A - Level retakes in the following June series. Candidates will be expected to make their own study/revision preparation for the examination.

5. Examination fees

GCSE, AS and A Level initial registration and entry examination fees are paid by the centre.

University entrance tests (e.g. STEP) are paid for by the candidate.

Candidates would be expected to pay any fees arising from late entry, amendments for retakes or withdrawal made outside the time allowed. Late entry fees cost twice the original examination subject cost.

Candidates or departments will not be charged for changes of tier, withdrawals made by the proper procedures or alterations arising from administrative processes, provided these are made within the time allowed by the awarding bodies.

Reimbursement may be sought from candidates who fail to sit an examination or meet the necessary coursework requirements.

Fees for retakes are paid by the candidates. The fees charged will also include a nominal amount to cover administration and the employment of invigilators for these additional examinations. This additional amount will be reviewed annually in the light of the pay scale for invigilators. (See Charging Policy, Appendix 2.)

Candidates must pay the fee for an individual enquiry about a result.
(See also section 10.2: Enquiries about results [EARs])

6. The Equality Act 2010, special needs, and access arrangements

6.1 The Equality Act 2010

The Equality Act 2010 replaced the Disability Discrimination Act 2005. All examination centre staff must ensure that they meet the requirements of any equality legislation. The centre will comply with the legislation, including making reasonable adjustments to the service that they provide candidates in accordance with requirements defined by the legislation, awarding bodies and JCQ.

6. 2 Access arrangements for pre-existing conditions (Refer to JCQ Access Arrangements, Reasonable Adjustments and Special Consideration)

A candidate's need for access arrangements is determined by the SENDCo and an educational psychologist or specialist teacher/medical consultant.

The SENDCo, together with the school's nominated, qualified advisor will verify the evidence in the documentation which diagnoses a condition giving rise to the need for access arrangements and will recommend the arrangements which will be suitable for the candidate.

The SENDCo will agree with the candidate (and parent /carer) the arrangements required, in the light of the recommendations and verification described above.

The SENDCo will inform subject teachers of candidates requiring access arrangements who are embarking on a course leading to an examination. The SENDCo can then inform individual staff of any special arrangements that individual candidates may be granted during the course and in the examination.

It is the responsibility of the examinations officer, when advised by the SENDCo, to make the appropriate examination arrangements for candidates according to their entitlement.

It is the responsibility of the examinations officer to process the completed access arrangement applications to the awarding bodies in consultation with the SENDCo. It is the responsibility of the SENDCo to ensure that all appropriate documentation is in place and available for inspection as required.

Rooming for access arrangement candidates will be arranged by the examinations officer. A satellite room may be available to accommodate those candidates whom the SENDCo identifies as not suitable for seating in the main venue. This room will accommodate all candidates thus nominated. Individual rooms will only be allocated in exceptional circumstances.

Invigilation and support for access arrangement candidates will be organised by the examinations officer.

7. Managing invigilators and examination days

7.1 Managing invigilators

External invigilators will be used for external examinations and Year 11 and Year 13 Mocks where possible.

The recruitment of invigilators is the responsibility of the examinations officer and examinations manager following safer recruitment procedures, authorised by the Headteacher.

Securing the necessary Disclosure and Barring Service (DBS) clearance for new invigilators is the responsibility of the centre administration.

DBS fees for securing such clearance are paid by the centre.

Invigilators are timetabled and briefed by the examinations officer.

Invigilators' rates of pay are set by the centre administration.

7.2 Examination days

The examinations officer will liaise with the caretakers and cover department to make examination rooms available and appropriately set up.

The examinations officer will make the question papers, examination stationery and other materials available for the invigilators.

The nominated lead invigilator will start all examinations in accordance with JCQ guidelines.

Teaching staff may be asked to assist before the start of an examination by organising and identifying candidates and escorting them to the examination room. They must not enter the examination room unless invited to do so.

In practical examinations, however, subject teachers may supervise the examination together with external invigilators to deal with any technical difficulties.

Examination papers must not be read by subject teachers or removed from the examination room before the end of a session. Papers will be distributed to heads of department after the examination session, according to JCQ / Awarding Body recommendations.

8. Candidates, clash candidates and special consideration

8.1 Candidates

The Centre's published rules on acceptable dress and behaviour apply at all times.

Candidates' personal belongings remain their own responsibility and the centre accepts no liability for their loss or damage. Candidates are expected to bring to the examination room only the equipment they need for the examination. All other items and bags should be left in a suitable locker or room.

Disruptive candidates are dealt with in accordance with JCQ guidelines.

Candidates may leave the examination room for a genuine purpose, in which case a member of staff must accompany them, and they should return immediately. They may not otherwise leave the room until the end of the examination.

The centre will attempt to contact any candidate who is not present at the start of an examination. Candidates arriving late are instructed to report to the School Reception, where they will be met by a member of staff or the examinations officer and escorted to the examination when ready. The examinations officer will deal with them in accordance with JCQ guidelines.

8.2 Clash candidates

A clash is where a candidate has more than one examination in the same session. Two- or three-unit papers in the same subject do not count as a clash. The examinations officer will be responsible for identifying candidates with clashes and proposing a resolution with the agreement of the candidate in line with JCQ permitted adaptations.

The examinations officer will be responsible for identifying supervisors and a secure venue during the clash period. The examinations officer will also, where necessary, be responsible for discussions regarding overnight supervision with candidates and parents.

8.3 Special consideration (Refer to JCQ booklet “A guide to the Special Consideration process”)

Candidates could be eligible for Special Consideration if, at the time of an examination, they have suffered illness, bereavement, or other trauma, which could significantly impair their performance.

It is the candidate’s responsibility to alert the centre by reporting their situation to: the Pastoral leader, Tutor, SENDCO, Examinations Officer / Manager, Invigilator. This must be done before the start of the affected examination.

Candidates will be required to support their request for Special Consideration with appropriate evidence. A form will be available for completion with all details relating to the affected examination: this must be given to the examinations officer within three days of the relevant examination.

The claim for Special Consideration will be considered by the Examinations Officer and Examinations Manager in liaison with the Pastoral leader, SENDCO, Tutor, or relevant subject teacher, as appropriate and, where it is agreed that the claim is valid, the examinations officer will forward the Special Consideration request to the relevant awarding body. This must be done within seven days of the last examination in the series for each subject affected.

Candidates will have been informed of this process in pre-exam briefing sessions, including where to access the Special Considerations Request form.

9. Coursework/Controlled Assessment/Non-Examination Assessments and appeals against internal assessments

9.1 Coursework/Controlled Assessment

Candidates who have to prepare portfolios should do so by the end of the course or centre-defined date.

The TLS/examinations manager will contact any candidates who fail to submit coursework on the due date. They will be required to satisfy the examinations manager that there are mitigating circumstances which justify an agreed time extension. Otherwise, they will be expected to deliver, by email or hard copy, at least part of the outstanding work on that day. Failure to do so may mean that the work cannot be marked or that only work received on the due date can be marked. Sanctions will also be applied involving the reduction of study leave.

TLS will ensure all coursework is ready for dispatch at the correct time and the examinations officer will keep a record of what has been sent when and to whom. TLS must ensure that, where dispatch is carried out directly by the department, the EO is advised.

TLS will provide the Examinations Officer with marks by the centre set deadline for the Examinations Officer to advise candidates of their marks and the appeal process.

TLS will ensure that they are familiar with the deadline, authentication and marking procedures for the specifications for their subject and that members of their department understand these aspects and have undergone the necessary training.

Risk Management and Staff Responsibility for other aspects of Controlled Assessment/NEA is outlined in Appendix II.

9.1 Appeals against internal assessments

The centre is obliged to publish a separate procedure on this subject, which is available from the examination's office. (See Appendix I)

10. Post Results Services: Results, enquiries about results (EARs) and access to scripts (ATS)

10.1 Results

Candidates will be briefed on the arrangements for the issue of results, including time and venue prior to the end of Term 6.

10.2 EARs

EARs (Enquiries About Results) may be requested by centre staff if there are reasonable grounds for believing there has been an error in marking. Candidates who are concerned about a result are invited to discuss the issue with subject staff who will already have reviewed the marks and grades across the cohort and will be able to offer an opinion and confirm whether an EAR is supported.

When the centre does not support an EAR, but the candidate or their parent / carer insists on an EAR, the centre will process the request on receipt of the appropriate payment from the candidate.

10.3 PRIORITY EARs

Where a candidate's university place may be lost because of a grade lower than expected or required, it is possible to request a *priority* remark. This must be done within 7 days of the issue of results via a meeting with the Head of Sixth Form who will arrange to be available immediately following results day to deal with any requests. Details of the dates/times will be provided with results. The cost of the priority remark will be met by the candidate and processed by the examinations officer.

(See section 5: Examination fees and Appeals Policy)

10.4 ATS

After the release of results, but within seven days, candidates or staff may request a priority copy of a script to help them to decide whether there are grounds for requesting an EAR. The examinations officer is responsible for making the application for a photocopied script and will arrange to be in school immediately following results day to deal with any requests.

After this period, candidates may request the return of their original scripts. Candidates are informed of this service and must complete a request form and submit it to the examinations officer, together with the payment, by the due date.

Centre staff may also request scripts for investigation or for teaching purposes. For the latter, the consent of candidates must be obtained.

An EAR cannot be requested once an original script has been returned.

10.5 APPEALS

Candidates may follow the JCQ/Awarding Body published appeals process in the event they are not satisfied with the outcome of any post-results service. They should initially raise this in writing to the Head of Centre.

11. Certificates

Certificates are presented in person at the Presentation of Awards and Certificates or may be collected ***after this date***, in person or by an authorised third party. All certificates which are collected must be signed for.

Certificates are retained by the centre for six years.

Examinations Policy Appendix I

Kendrick School

Policy On Appeals Against Internal Assessments.

In accordance with the Code of Practice for the conduct of external qualifications produced by QCA, Kendrick School is committed to ensuring that:

- Staff who conduct internal assessments have the appropriate knowledge, understanding and skills.
- Assessment evidence provided by candidates is produced and authenticated according to the requirements of the relevant Specifications for each subject.
- The consistency of internal assessment is assured through internal standardisation as set out by the Awarding Bodies.
- Staff responsible for internal standardisation and/or assessment attend any compulsory training sessions.

Awarding Bodies specify detailed criteria for the internal assessment of work. An Awarding Body must moderate the assessment and the final judgement on marks awarded is that of the Awarding Body.

Written Appeals Procedure

Each Awarding Body publishes procedures for appeals against its decisions and the Examinations Manager will be able to advise pupils and parents/carers of these procedures. In addition, an appeal can be made to the school concerning internal assessment.

- An appeal may be made to the school regarding the *procedures* used in internal assessment, but *not the actual marks or grades* submitted by the school for moderation by the Awarding Body.
- The appeal must be made in writing to the Examinations Officer as soon as possible and at the latest, two weeks before the date of the last external exam in the subject.
- On receipt of such an appeal, an enquiry into the internal assessment procedure will be set up.
- The enquiry will be conducted by the Examinations Manager and the Headteacher or a member of the Senior Leadership Team, ensuring that no member of the enquiry panel has been involved in the original internal assessment process. It will consider whether the procedures used in the internal assessment conformed to the published requirements of the Awarding Body.

The appellant will be informed in writing of the outcome of the appeal, including any details of any relevant communication with the Awarding Body and of any steps taken to further protect the interests of the candidates. A record of any appeal will be retained until the deadline for appealing against the result of that examination has passed.

Statement For Students

“If at any stage during your examination courses you have concerns about the procedures used in assessing your internally marked work for public exams (e.g. Coursework/ controlled assessment/ portfolio/ projects/ NEAs) you should see the Examinations Manager, Ms Le Croisette, Assistant Headteacher as soon as possible”.

(This statement to be attached to JCQ “Notice to Candidates: Coursework and Portfolios.” This is issued to all candidates in Years 10, 11, 12, 13 in Term 1)
