

One Day is the theme for the **2022 Holocaust Memorial Day**. As you can see from the words on this poster, even the font and background can evoke different emotions when reading the two words.

One Day

One Day could mean a specific day, it could also be *One Day* in history, *One Day* when life changed (for better or for worse), *One Day* at a time or *One Day* in the future.

One Day

Either relating this to the Holocaust or subsequent genocides or perhaps to something in your own life, this year's competition is to write a poem or short prose based on the theme *One Day*.

Entries from all year groups welcome.

Prizes will be presented.

Closing date: Monday 28 February 17:00
